The Honorable Board of Supervisors
County of Los Angeles

500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**STREET LIGHTING DISTRICTS
ANNEXATION AND LEVYING OF ASSESSMENTS FOR
COUNTY LIGHTING MAINTENANCE DISTRICT 1687 AND
COUNTY LIGHTING DISTRICT LLA-1, UNINCORPORATED ZONE,
AND EXCHANGE OF PROPERTY TAX REVENUES FOR
SUBDIVISION TERRITORIES
SUPERVISORIAL DISTRICT 5
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Adopt the enclosed Resolution of Intention to Annex Subdivision Territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and to Order the Levying of Assessments within the Annexed Subdivision Territories listed in the enclosed Appendix A for Fiscal Year 2004-05.
2. Set a date for a public hearing regarding the proposed annexation of Subdivision Territories and levying of annual assessments based on the Fiscal Year 2003-04 Annual Engineer's Report, which establishes assessments based on land-use type for all zones within County Lighting District LLA-1 for street lighting purposes, with a base annual assessment rate of \$5 for a single-family home for the Unincorporated Zone.

3. Instruct the Executive Officer of your Board to cause notice of the public hearing by mail at least 45 days prior to the date of hearing. The mailed notice will include assessment ballots.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the tabulation of assessment ballots submitted, and not withdrawn, in support of or in opposition to the proposed assessments for each subdivision territory and determine whether a majority protest against the proposed assessment exists in each territory.
2. If there is no majority protest against the proposed assessments, adopt the enclosed Resolution Ordering Annexation to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, either as proposed or as modified by your Board, and the enclosed Joint Resolution Approving and Accepting the Exchange of Property Tax Revenues resulting from annexation of territories to County Lighting Maintenance District 1687. The adoption of the Resolution Ordering Annexation will constitute the levying of assessments in Fiscal Year 2004-05.
3. Find that the annexations and assessments are to meet operating expenses; purchase supplies, equipment, or materials; meet financial reserve needs and requirements; and obtain funds for capital projects, including the operation and maintenance of street lights necessary to maintain service within the proposed annexation areas.
4. Instruct the Executive Officer of your Board to file copies of the enclosed Resolutions with the County Assessor, Ownership Services Section; and Auditor-Controller, Tax Section.
5. In those subdivision territories where the proposed annexation and levying of assessments have been rejected, and a majority protest exists, make a finding terminating the annexation, levy of assessments, and property tax transfer proceedings for that subdivision territory and instruct the Director of Public Works to notify the property owners/developer that a majority protest exists and that the operation and maintenance of the street lights will be the responsibility of the property owners/developer or that the street lights may be turned off and poles removed.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

These recommended actions are for your Board to: 1) Annex the Subdivision Territories listed in Appendix A into County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone; 2) Levy assessments in Fiscal Year 2004-05, on each lot or parcel lying within the proposed annexation territories, based on land-use categories that designate usage units on the basis of benefits received; and 3) Approve the exchange of property tax revenues among those nonexempt agencies whose service area is subject to the jurisdictional change.

County Ordinance requires the installation of a street lighting system by a subdivider. The proposed annexation, levy of assessments, and exchange of property tax revenues are required to provide the necessary funding for the future operation and maintenance costs of these street lights.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility as this annexation, levy of assessment, and property tax transfer provides the funding necessary for the operation of new street lighting facilities within these Annexed Subdivision Territories. It also satisfies the Goal of Service Excellence since street lights provide for the convenience and safety of the motoring public, as well as for the safety and security of people, and to a lesser extent, property, which improves the quality of life in the County.

FISCAL IMPACT/FINANCING

Sufficient funds are included in the Fiscal Year 2003-04 budget for County Lighting Maintenance District 1687 and County Lighting District LLA-1 to cover the annual costs for the operation and maintenance of the street lights until assessments and property tax can be collected. The assessments are subject to the results of ballot tabulation for the proposed annexation areas at the conclusion of the public hearing. Failure to annex the territory, levy assessments, and collect property tax revenues will result in the inability to operate and maintain the street lights as part of a County-administered Lighting District.

Upon annexation, the ongoing operation and maintenance costs of the street lights within these areas will be financed by the collection of ad valorem property taxes, supplemented by assessments annually approved by your Board. The annexation will result in a minimal property tax growth transfer from other County agencies, such as the County General Fund, the County Fire Department, and the County Library.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

New developments are typically required to provide street lighting in accordance with applicable subdivision and planning and zoning ordinances as a condition of approval. The County Lighting Maintenance Districts, formed pursuant to the Streets and Highways Code, Improvement Act of 1911, permits the County Lighting Maintenance Districts to collect ad valorem property taxes for the purpose of funding the ongoing operation and maintenance of street lighting facilities within the district. The County Lighting District LLA-1, formed pursuant to the Streets and Highways Code, Landscaping and Lighting Act of 1972, permits the County Lighting District LLA-1 to levy an assessment against benefitted property owners for the purpose of providing supplemental funding for the ongoing operation and maintenance of street lighting facilities within the District.

With the passage of Proposition 218 (State Constitution, Articles XIII C and XIII D) in November 1996, it became necessary to ballot the property owners prior to imposing or increasing a street lighting assessment for the operation and maintenance costs of the street lights. As a result, the legal provisions of the Landscaping and Lighting Act and Proposition 218 now govern the process for establishing street lighting assessments.

The Landscaping and Lighting Act of 1972 provides for the assessment of street lighting costs against the benefitted properties within County Lighting District LLA-1 by any formula or method which fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits to be received by each from the improvements. A method of distributing the street lighting costs on the basis of land use was approved by your Board on May 22, 1979, and amended on July 22, 1997, and that same method was used to compute the base-rate assessments shown in the Fiscal Year 2003-04 Annual Engineer's Report.

Pursuant to the requirements of Proposition 218, an assessment ballot and public hearing notice will be mailed to property owners within each proposed annexation area no less than 45 days prior to the date of the public hearing.

The assessment ballots, weighted according to the amount of the assessment paid by each property owner, will be tabulated at the conclusion of the public hearing. Only those ballots that are returned will be counted to establish whether a majority protest exists under the provisions of Proposition 218. The assessment cannot be levied if the weighted majority of ballots submitted are opposed to the assessment, in which case, the assessment shall be abandoned and the annexation and tax transfer proceedings terminated.

Proposition 218 requires that a public hearing be held at a regular Board meeting. The enclosed Resolution of Intention to Annex Subdivision Territories, and the Resolution Ordering Annexation of Subdivision Territories and Levying of Assessments, must be adopted to set a date for the public hearing. Your Board may delay your determination regarding the levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the assessment at the close of the public hearing.

Section 99.01 of the Revenue and Taxation Code provides that when an area is annexed to a special district for the provision of services that were not previously provided within the territory being annexed, the special district providing the new services is entitled to a share of the growth on the 1 percent ad valorem property tax generated in the area being annexed. That share is to be taken from the other agencies, except exempt entities, which are currently receiving a share of the property taxes in the area. The affected agencies must approve and accept the exchange of property tax revenues by resolution. For those agencies under the Board's jurisdiction, the Board can act on their behalf. For those agencies with their own governing boards who fail to adopt a resolution providing for the exchange of property tax revenues, your Board can approve the exchange of property tax revenue for that agency.

The Resolution Approving and Accepting the Exchange of Property Tax Revenues approved by all nonexempt agencies will be presented to your Board for your consideration after the conclusion of the public hearing.

Following the Board's approval of the annexation, levy of assessment, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the Government Code. The State Board of Equalization will approve the transfer of property tax revenue beginning in Fiscal Year 2004-05.

The boundaries of the proposed annexations have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58850 et seq. of the Government Code. Copies of diagrams showing the boundaries of each proposed subdivision annexation territory are included with the Resolution of Intention to Annex Subdivision Territories. The specific detailed legal description for each territory is on file with Public Works.

The Honorable Board of Supervisors

The Streets and Highways Code (Sections 5821.3 and 22608.2) provides that a territory owned by a subdivider may be annexed to a Lighting District if so provided by ordinance, without notice and hearing, or filing of an Engineer's Report. The posting and publishing requirements and filing of an Engineer's Report for these subdivision projects are, therefore, dispensed with.

The enclosed Resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

This project is exempt from the California Environmental Quality Act under Section 21080(b)(8) of the Public Resources Code and Class 1(x)27 of the County's Environmental Document Reporting Procedures and Guidelines approved by your Board.

Not applicable.

CONCLUSION

At such time as these recommendations may be approved, please return one approved copy of this letter and the signed Resolutions to Public Works and one approved copy of the letter and Resolutions to the County Assessor, Ownership Services Section; and Auditor-Controller, Tax Section.

WHEREAS, on July 24, 1979, the Board of Supervisors of the County of Los Angeles approved the formation of County Lighting District LLA-1 to provide supplemental funds for the operation of street lights in County-administered Lighting Districts; and

WHEREAS, the Board of Supervisors has adopted the Fiscal Year 2003-04 Annual Engineer's Report that shows estimated operating costs and recommended assessments for each zone within County Lighting District LLA-1; and

WHEREAS, the Improvement Act of 1911 (Section 5821.3 of the Streets and Highways Code) provides that a territory owned by a subdivider may be annexed to a Lighting District if so provided by ordinance, without notice or hearing; and

WHEREAS, the Landscape and Lighting Act of 1972 (Section 22608.2 of the Streets and Highways Code) provides that in the event an ordinance requires installation of improvements by a subdivider, the territory may be annexed to an existing Lighting District without notice and hearing or filing of an Engineer's Report or both; and

WHEREAS, the County Ordinance requires the installation of a street lighting system by each subdivider for the subdivisions referenced in Appendix A.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles State of California:

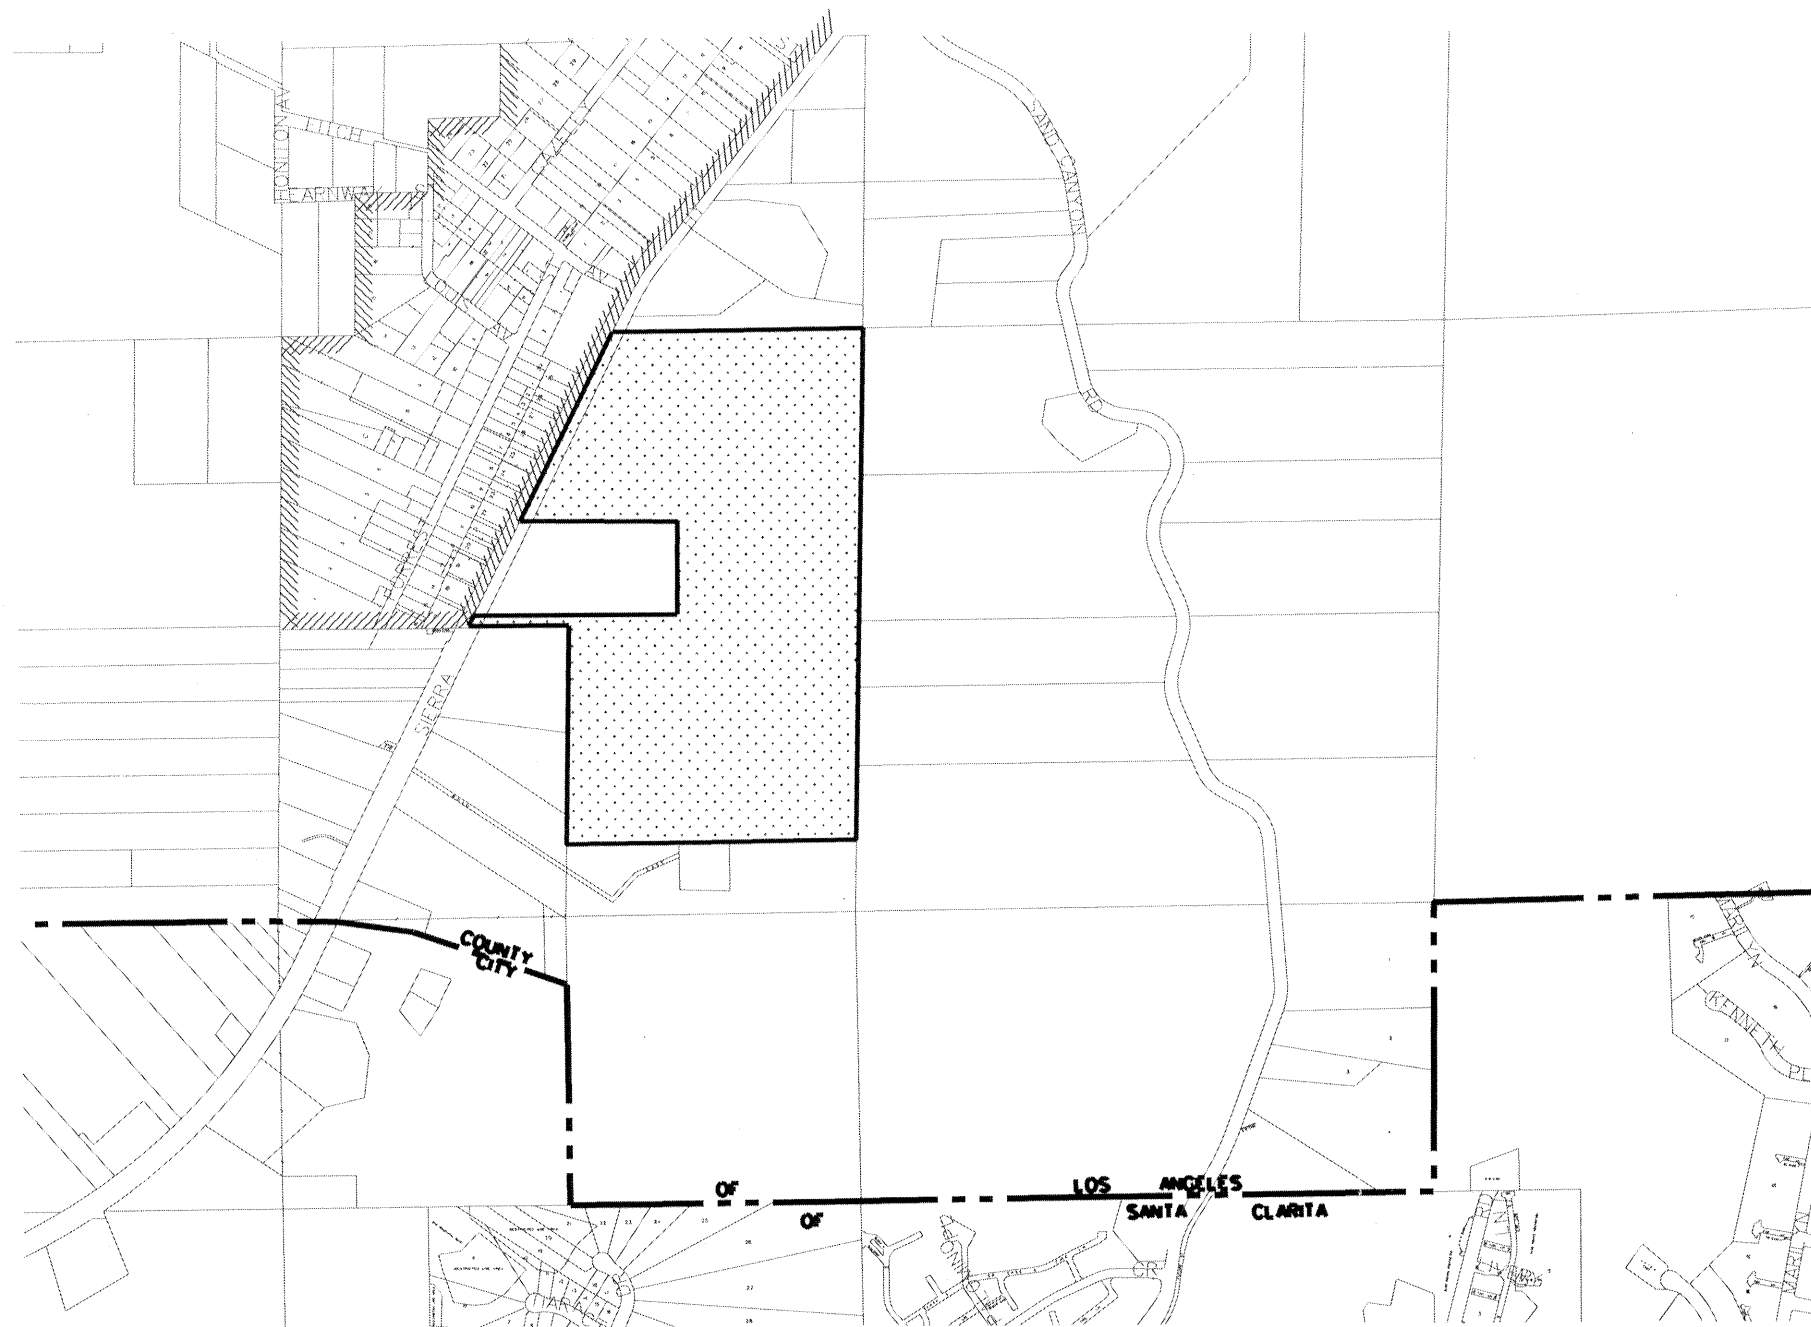

SECTION 1. The public interest and convenience require, and it is the intention of the Board of Supervisors to authorize, the annexation of the benefitted Subdivision Territories listed in Appendix A to County Lighting Maintenance District 1687, pursuant to Section 5837 of the Streets and Highways Code of the State of California.

SECTION 2. The public interest and convenience require, and it is the intention of the Board of Supervisors to authorize, the annexation of these benefitted Subdivision Territories listed in Appendix A to County Lighting District LLA-1, pursuant to Section 22605 of the Streets and Highways Code of the State of California.

SECTION 3. The public interest and convenience require, and it is the intention of the Board of Supervisors to authorize, the expense necessary for the operation, maintenance, repairs, replacement, electric current, care, supervision, and all other items necessary for proper operation and maintenance of proposed street lights in these proposed annexation territories, and located in County Lighting District LLA-1, shall be assessed in Fiscal Year 2004-05, upon each lot or parcel of land lying within the annexed territories based on land-use categories that designate usage units on the basis of benefits received as defined in the County Assessor's report dated May 22, 1979, and amended on July 22, 1997, and which should be assessed to pay the expenses of the operation and maintenance of said improvements. The proposed base-rate assessments are shown in the Fiscal Year 2003-04 Annual Engineer's Report for each zone within County Lighting District LLA-1. In future years, the amount of these assessments may be automatically increased by no more than the Consumer Price Index - All Urban Consumers for Los Angeles, Riverside, Orange County, and other California areas, provided by the U.S. Department of Labor, without further notice or ballot. However, assessment rates will not be automatically increased due to any other unforeseen or extraordinary rate increases granted to the Southern California Edison Company by the Public Utilities Commission. The same proportional increases are proposed for all other benefitted property uses in the subdivision territories.

SECTION 4. The boundary of the territories proposed to be annexed consists of the areas shown on the following maps:
